CORPORATE LICENCE

INFORMATION & REQUIREMENTS

IMPORTANT INFORMATION:

An application for a Licence should be **lodged in person** at the nearest Police Station by the Nominee or an authorised representative (Employee) where possible, or with Police on a rural patrol. Applications should not be mailed in to the Firearms Policy and Recording Unit (FPRU).

The representative making the application must make payment **in full** and provide **proof of ID** at the time of application.

FIREARM STORAGE

It is a requirement of being granted a Licence that you must have or have access to approved firearm storage facilities (safe/armoury) to be eligible for a Licence. The storage requirements for the different categories of firearms vary.

For an explanation of current NT storage requirements read the storage pamphlet and other information found at <http://www.pfes.nt.gov.au/Police/Firearms-Weapons/Firearms-licences-permits-forms.aspx>

If your Safe Storage arrangements are not already recorded on the Police Firearms database, then an inspection form needs to be completed for your firearms safe to be inspected. Sign and submit a Permission to Inspect Premises form ('Inspection of premises' - PF482) with your application. These are available at the website above or any police station.

Without this documentation, the Commissioner cannot grant a Corporate Licence.
